Your complete Ice Shaver includes everything shown here:

Parts List:

- (1) Handle
- (2) Lid
- (3) Rotator disc
- (4) Inner cylinder
- (5) Outer cylinder
- (6) Blade
- (7) Base
- (8) Ice molds

Warning

- To prevent personal injury or property damage, read and follow all instructions and warnings.
- Do not use appliance for other than intended purpose.
- Do not operate if the appliance is not working properly or if it has been damaged in any manner. For service information see warranty page.
- For household use only.

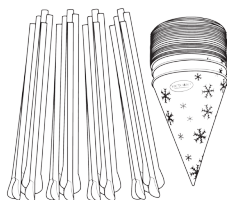

Operating Precautions

- The blade is sharp! Use extreme caution during assembly, while operating, disassembling, and cleaning.
- Close supervision is required when ice shaver is used by or near children.
- Never place fingers or other utensils into the feed or discharge areas.
- Always check ice hopper for presence of foreign objects before using.

Accessories

Make shaved ice even more fun by using VICTORIO Premium Syrups along with VICTORIO Snow Cone Cups and Spoon Straws. To purchase, visit our website, www.VICTORIO.info. Syrup flavors include:

- Blue Raspberry
- Cherry
- Grape
- Lime
- Orange Cream

- Piña Colada
- Root Beer
- Tropical Punch
- Watermelon

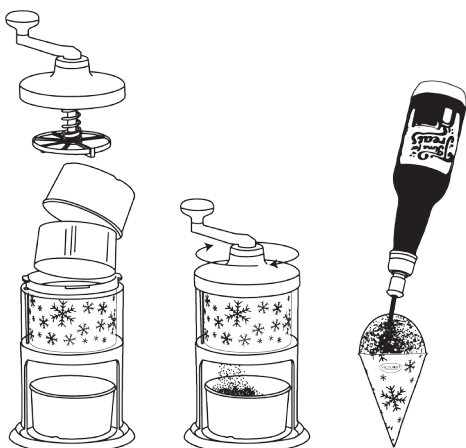

Using Your Ice Shaver:

CAUTION: Your SnowStorm™ Manual Ice Shaver by VICTORIO® has a child safety guard built in to cover the sharp, stainless steel blade. Each time the lid is removed, the safety guard automatically covers the blade and locks in place for safe use.

Before using for the first time, and following periods of prolonged storage, wash in warm, soapy water, rinse and dry thoroughly. Do not put in a dishwasher.

To make fluffy shaved-ice-style snow, the quality of ice is very important. Ice should be firm and come directly from the freezer. Wet ice will produce a wet slush output, not snow. For best results, keep ice in a freezer until immediately before shaving.

1. Fill ice mold 2/3 full with water and place in the freezer to create a solid block of ice.
2. Take ice block directly from the freezer and place into the cylinder of the ice shaver. Make sure the groove in the block is facing up.
3. Connect the lid to the cylinder making sure to close it snugly, but do not overtighten.
4. Place the empty ice mold underneath the blade to catch ice as it is shaved.
5. Turn the handle clockwise while applying slight downward pressure to shave the ice into the container. Stop turning when desired amount of snow is reached.
6. Before inserting a new ice block, use a clean, dry cloth to remove any melted ice from the bottom of the cylinder.
7. Scoop ice into a VICTORIO Snow Cone Cup, add your favorite VICTORIO® Premium Syrup, soft drink, or fresh fruit to the shaved ice and enjoy!

Adjusting Shaved Ice Texture

CAUTION: The blade is extremely sharp, so use extra caution when adjusting!

Slightly loosen the two screws holding the shaving blade. Push the blade up for a coarser shave, or down for a finer shave. Be sure to tighten the screws after adjusting the blade.

Snow Cones

Fill VICTORIO® Snow Cone Cups with shaved ice and mound tops with additional “snow”. Dispense your favorite VICTORIO® Syrup directly on top of the shaved ice. Combine different syrups to create your own unique flavors. Because the shaved ice is so snowy fine, it absorbs the flavored syrup instead of running to the bottom. This gives you a truly intense flavor sensation all the way through!

Chocolate Marshmallow Snow Cone

Drizzle your favorite chocolate syrup over your shaved snow cone and top with marshmallow cream. A classic!

Maple Snow Cone

Pour maple syrup over your shaved snow cone for a favorite northern treat!

Slushies

Mix your favorite VICTORIO® Premium Snow Cone Syrup flavor with water. Fill your ice molds and freeze. Shave as usual and enjoy!

Chocolate or Strawberry Slush Shake

Freeze chocolate or strawberry milk in your ice molds. Shave as usual and enjoy!

Grapefruit Shaved Ice

A perfectly refreshing treat!

Ingredients:

- 3 cups grapefruit juice
- 2 tablespoons maple syrup or honey
- 1 cup coconut milk

Mix all ingredients together and pour into ice molds. When thoroughly frozen, follow normal shaving instructions.

Pineapple Cream Shaved Ice

Make this creamy, fruity treat when you're in the mood to fly off to a tropical island, but the trip doesn't fit in the budget!

Ingredients:

- 2 1/2 cups chopped pineapple
- 3/4 cup water
- 1/2 cup sugar
- juice of 1 lemon
- pinch of salt
- 6 scoops of ice cream
- shaved ice
- sweetened condensed milk
- chopped strawberries (optional)
- shredded coconut (optional)

Cook the first five ingredients together until the pineapple is softened and the mixture is syrupy. Use a blender to puree the mixture, and refrigerate until cold. Place a scoop of ice cream in a bowl, cover with shaved ice, pour on some of the pineapple puree, and top with a drizzle of sweetened condensed milk. Optional: Sprinkle chopped strawberries and coconut on top.

Lemonberryade Slush

A wonderful summertime treat!

Ingredients:

- 4 thinly sliced lemons
- 1/2 cup of fresh mint leaves
- 1 cup sugar
- 1 pint berries (strawberries, raspberries, etc.)
- 1 quart water
- shaved ice
- club soda

Placed sliced lemons in a large pitcher or similar container. Add the mint leaves and sugar. Use a wooden spoon to mash the mixture to extract the juice from the lemons and mint. Add the berries and lightly mash, making sure the sugar has thoroughly dissolved. Add water and refrigerate until cold. Fill a glass with shaved ice, fill 3/4 of the way with the lemonberryade and top off with club soda. Stir, serve, and enjoy!

Product Warranty

Model VKP1099 - Ice Shaver Warranty: 1 year

We are confident in the quality of our products and back up each one with a limited warranty for the length of time specified above. Should you experience any problems with your product, please contact our customer service department.

All warranty claims must be accompanied by a proof of purchase and are only valid if the appliance has been operated within the U.S. or Canada and used for its intended purposes. These products are for household use only.

Items Not Covered:

- Return shipping costs or returned items lost in transit.
- Damages to the product due to accident, misuse, abuse, negligence, or if the appliance has been altered in any way.
- Products used outside of the United States or Canada.
